About the ...

Postgraduate scholarships

Swiss Government Excellence Scholarships

Through the Swiss Federal Commission for Scholarships for Foreign Students (FCS aka ESKAS (CFBE)) the Swiss Government grants foreign researchers postgraduate scholarships at Swiss higher education institutions (Universities, Federal Institutes of Technology and Universities of Applied Sciences, Fine Arts and Music Schools).

The Swiss Government Excellence Scholarships are intended for highly motivated, competitive young researchers who have graduated from university (postgraduates). These scholarships will enable applicants to undertake research work in the fields in which the Swiss universities are particularly active.

Read the FCS webpage

For each country specific scholarship types are offered. Please go to the FCS webpage in order to see **which type of scholarship is offered to your country of origin**.
Click FCS website: www.sbfi.admin.ch/scholarships_eng

Submit in your country of origin

Your country of origin is decisive for your application. The applications have to be submitted for a preliminary selection to the national institution in charge and/or to the Swiss diplomatic representation in the applicant's country of origin. The Swiss diplomatic representation will then forward the pre-selected applications to the FCS for final selection. In case your current country of residence is not your country of origin please get in contact with the Swiss diplomatic representation in your country of residence.

Preconditions

Research interest

Research proposal

Applicants must have a clear research goal. Research fellowships, Post-doctoral scholarship as well as PhD scholarship candidates have to submit a complete research proposal (max. 5 pages, signed), **using exclusively the FCS research proposal form** provided with the application package. **The research proposal is a central part of your application.** Please devote all the required attention to it and **submit only a signed document**.

Two separate procedures for PhD scholarship applications

For PhD applicants only – Please note!

The FCS application for a PhD scholarship and the application for admission by a Swiss university for a PhD study are two separate procedures. The admission to a PhD study at your chosen Swiss university is a *conditio sine qua non* for a potential attribution of a FCS scholarship – but not guarantee though for a positive decision by the Federal Commission for Scholarships FCS. It is the applicant's responsibility to manage both procedures in parallel.

Structured doctoral school applicants

In those cases where the PhD is run within a structured doctoral school* applicants must provide included in their application an admission letter or the proof that they are being considered for admission. Without such a document the application will be rejected. For EPFL doctoral school candidates*: The admission letter from the EPFL doctoral school is required. As this takes time applicants must plan accordingly and submit their application for admission to the doctoral school sufficiently in advance of the scholarship programme deadline.

* A support letter from a host professor is required in any case additionally.

Preconditions

Academic supervisor aka host professor

Academic supervisor

To have an eligible application package, each applicant wishing to undertake a research, PhD or a Post-doctoral scholarship must find a host professor in Switzerland willing to support and entitled to supervise their scholarship research project or PhD project.

A letter of invitation must imperatively be part of the application package.

Failure to have an academic supervisor will result in the rejection of the application by the relevant national institution in the host country or by the Swiss diplomatic representation. An application without a host professor is not complete and will therefore be rejected.

Before contacting a host professor

Prepare yourself well before contacting a prospective host professor

Make sure that the prospective academic supervisor actually works in your field.

Be specific and furthermore make sure that you possess all of the competences required for the intended scientific collaboration. Find out, for instance, what requirements must be met in order to obtain a Master's degree at the university in question before contacting professors.

Note: Many professors receive numerous requests. Finding a professor who is willing to supervise you can be a major challenge. It can take several weeks or even months.

Scholarship types

Grant applications for stays lasting less than 6 months will be rejected.

Extendable

Fine Arts Scholarships

12 months (September – August) up to 21 months (January or May) at most depending on the Master program chosen and the ECTS credits necessary

Selection criteria

Important selection criteria

The 3 dimensions of selection criteria

The Swiss Government Excellence Scholarships are highly competitive. The following aspects of the application are considered mainly:

1) The candidate

The academic profile, the research capacity and motivation

2) The research proposal

Its originality and methodological soundness

3) The academic context

The quality and context of supervision and the potential for future academic cooperation.

Strengthening cooperation

Longterm perspective

Candidates submitting their applications within the framework of a cooperation program between their academic home institution, where they are at the moment and/or where they accomplished their education, and the Swiss university/institute have a certain priority.

Study location

Eligible host institutions

Swiss public academic institutions

The Swiss Government Scholarships are granted for research in one of the Swiss public universities, Federal Institutes of Technology, University of Applied Sciences or Schools of music and fine arts. The fine arts and music scholarships are granted for studies in the public music academies, as well as art and design schools.

Useful weblinks

Information on the universities, programs, and professors can be obtained on the internet sites of the Swiss academic institutions, and the portal [swissuniversities](#).

Full-time research only

The scholarship is valid only for full-time research in Switzerland. It is not valid for on-the-job studies, part-time studies, correspondence courses or mixed programs (part-time in Switzerland and part-time in another country). During their scholarship grant holders are resident in Switzerland.

Field work

The scholarship is meant for conducting research in the Swiss host institution. For Research as well as Post-doctoral scholarships there is no financial support possible for fieldwork by FCS. Special conditions apply for PhD students pursuing their PhD at a Swiss University and working in an academic field where fieldwork is indispensable. A supplementary allowance may be requested. For fieldtrips lasting longer than 2 months the scholarship amount will be reduced to 50%.

At max 12 months in Switzerland before start

Coming to Switzerland

This scholarship primarily offers an opportunity to scholars who have not already been to Switzerland. Therefore scholarship applicants who are in Switzerland since more than 1 year at the beginning of the scholarship (enclose your Permis B) will not be taken into account by the Swiss diplomatic representation.

Obligations

Living in Switzerland

Place of residence

Swiss Government Scholarship holders are expected to move to Switzerland during their grant period. The scholarship holders must be resident preferably in the city (in Switzerland) or in the Canton of their research/study institution. They must comply with the FCS instructions, regulations concerning the residence for foreigners in Switzerland and with the university/art institution regulations.

No family allowances

Family and children

The FCS does not have the authority to decide on the possibility of bringing the family of the scholarship holder to Switzerland. This is left to the Federal and Cantonal Migration Offices, which at present deal with requests very restrictively. The scholarship amount covers the living costs of one person only. There are no additional family allowances.

Notifying FCS about other grants and other forms of financial support

Other grants

If you are awarded another additional scholarship or you receive other forms of financial support (such as income from teaching and research assistance etc.) you are asked to notify the Federal Commission for Scholarships.

Financial matters

Grants

Scholarship amount

Research fellowship:	CHF 1'920 - per month = CHF 23'040.- for 1 year
PhD scholarship:	CHF 1'920 - per month = CHF 23'040.- for 1 year
Post-doctoral scholarship:	CHF 3'500 - per month = CHF 42'000.- for 1 year
Fine Arts scholarship:	CHF 1'920 - per month = CHF 23'040.- for 1 year

Semester fees

Tuition fees and Master fees for artists

The FCS does not pay for tuition and/or semester fees. In most cases the universities and the Federal Institutes of Technology Lausanne and Zurich do not require scholarship holders to pay the semester fees (generally around CHF 600 - per semester). In some cases the universities do not waive the PhD fees. In case the Universities and the Universities of Applied Sciences and Fine Art Schools should not waive the fees, it is up to the grantee to pay for the fees.

Insurance

Health insurance

According to the Swiss law, every resident in Switzerland must be covered by a Health Care Insurance (except for dental care). Usually, the worldwide scholarship holders are insured by the FCS. Please note, scholarship holders from EU and EFTA countries have to come with their European insurance card and pay themselves the relative expenses.

Financial matters

Europe

Travel expenses

Grantees from continental Europe (European and East/Central European countries) pay for their own travel expenses to Switzerland as well as back to their country of origin.

Worldwide

Grantees from non-European countries (outside continental Europe) pay for their own travel expenses to Switzerland, but the FCS pays a return allowance (lump sum depending upon country of origin) for the ticket back to their country of origin at the end of the scholarship.

Fieldwork for PhD grant holders only

Fieldwork and Conferences

Once the scholarship is awarded PhD scholarship holders may submit a special request regarding their PhD thesis and the potentially necessary fieldwork. Up to a 1/3 of the fieldwork costs for transport and accommodation (max. CHF 2000,-) may be refunded by the FCS. Valid for all scholarship types. There are no allowances for international conferences.

Allowance up to six months after the scholarship

Return allowance

However, the return allowance will not be paid if the scholarship holders extend their stay in Switzerland beyond six months after completion of their research, if they take up employment pending the continuation of their research or if they move to a third country.

Finding your supervisor

Finding a host professor

A prerequisite for the application

All Swiss Government Excellence Scholarships are supervised and supported by a professor. The first step in the application process for the scholarship candidate is to find a professor at a Swiss academic institution **willing to act as their academic supervisor** for the scholarship research project.

The FCS encourages candidates to find their supervisor on their own. There is no specific support offered in this bottom-up matching process. It is each applicant's own task. A support letter from a host professor is required in any case.

Understanding the role of academic supervisors

Professors reported to the FCS that they are frequently contacted by scholarship applicants asking for support. Therefore, the FCS secretariat issued a leaflet explaining the role of an academic supervisor for a Swiss Government Excellence Scholarship holder.

Good to know

The FCS recommends potential academic supervisors not to support more than 1 - 2 applicants per year. You find the leaflet "Will you be my supervisor?" enclosed in your application package. Feel free to use it when contacting your potential supervisor.

Exclusion criteria

Invalid applications

Your dossier will not be taken into consideration if it is in one of the following situations:

- The applicant **does not fulfill the eligibility criteria** stated on the FCS website and in these application guidelines.
- Eg. the application **does not include an invitation letter** from a Professor in Switzerland willing to support and supervise the research. If applicable, document from the doctoral school confirming your admission.
- Applicants who are **in Switzerland for more than 12 months** at the beginning of the scholarship
- The application is **incomplete, does not respect the guidelines, does not include the proper and completely filled FCS forms**, is **not submitted threefoldly** in the correct order or is **badly prepared**
- For Post-Docs: Not accepted are the **PhD mentors** and **co-directors** for co-tutelle PhD at a **Swiss university**.
- An application without a host professor is not complete and will therefore be rejected.
- Applications for **2 or more universities** and/or for **more than one scholarship type**.
- Applicants who have **already benefited** from a Swiss Government Excellence Scholarship are not eligible for a second scholarship.
- Incomplete or badly prepared applications will not be taken into consideration!
