the ASEM Education Secretariat

Dear Madam or Sir,

the National Agency for EU Higher Education Coordination kindly invites you to join the conference
'ASEM Education in a digital world: Bridging the continents - connecting the people?'

on the 21st of November 2018, in Cologne, Germany.

The Education Process of the Asia-Europe Meeting (ASEM) aims at fostering cooperation, mutual understanding, trust and exchange between Europe and Asia. Digitalization poses new challenges on education, skills and employability, on the one hand, and provides new opportunities for higher education cooperation, on the other. The conference therefore focuses on the priorities of the ASEM Education Process in the digital era. It tackles questions on how ASEM countries can learn from each other in a digital world and how key instruments can be used for realizing the common vision of tangible and practical cooperation.

As part of the conference a call for papers was published. Successful candidates will be invited to present their research at the conference.

Representatives from higher education institutions (from ASEM member states), (junior) researchers with an interest in Asian-European cooperation and political stakeholders from Asia and Europe are highly welcome at the conference. We kindly ask you to also forward this invitation to interested partners.

Further information on the conference can be found on our [webpage](#).

Please register by filling out the registration form no later than the 5th of November 2018:
<https://ssl.daad.de/limesurvey/239979/lang-en>

The conference takes place at the Cologne Marriott Hotel. We have reserved a room contingent for the participants. Please note that accommodation is paid by the participants. The rooms can be booked under the following link: [Book your group rate for DAAD](#)

Do not hesitate to contact us in case of any further questions.

Yours sincerely,

Martin Schifferings
